

Cabell County Youth Empowerment Program

Kelly Plantz

Student Support Specialist

Throughout the month of December, the students continued to study for the GED test as well as resume writing and the application process. Five students have successfully taken the practice GED test and are scheduled to register for the test on January 2, 2008. Students will take the exam on Wednesday January 9, and Thursday January 10, at the Cabell County Career and Technical Center.

Cindy Shade continues to offer her counseling services and has finished interviewing all of the new students. She has also taught a workshop on Anger Management. She said the class went very well and the students were able to talk about their own anger issues and how to better handle it. Cindy is excited to return after the first of the year to start back up with more workshops.

This year, as an incentive for hard work and passing the GED test, CCYEP staff is awarding students with a college designed hoodie.

The first three hoodies were awarded to Dominica Harper, Cory Blaylock, and Cory Turner (not pictured). They successfully passed the GED test in November and in December during a recognition ceremony Tim White, CCYEP Coordinator and Kelly Plantz, Student Support Specialist presented them with their hoodies in front of the class.

Congratulations Dominica, Cory and Cory for your hard work, dedication and passing your GED.
