

# RAZE

tear down tobacco lies.

On Saturday, December 10, Keith Dalton and Tim White hosted a RAZE Train for students from counties in RESA II. This training is designed to equip students from various middle schools and high schools to take on the role of providing the leadership for the Regional RAZE On's scheduled in January and February.

We originally had 24 students indicate they would be attending this training and 21 showed up along with two adult advisors representing four different schools and one community based crew.

Each student received a training packet filled with PowerPoint slides and notes on Tobacco 411, Recruitment and Activism, Media Literacy and RAZE Website navigation. Each student also received tons of RAZE gear and new t-shirts.

These students were enthusiastic and offered tremendous feedback and ideas as to how to make our Regional RAZE On's a huge success.

After lunch, students spent the afternoon learning to navigate the RAZE website, post their commotions, evaluate their commotions, leave messages in the RAZE Room, and how to sign up new crew members.

RESA II Regional RAZE On's are scheduled for Saturday, January 28<sup>th</sup> and Saturday, February 4<sup>th</sup>. We plan on doing a North Regional RAZE On and a South Regional RAZE On in order to reach more students who live in the outlying counties.

Those who attended were Anna Fahrman, Casey Shrew, Shawn Wilks, Kristen Schaffer, Heather Eagle, Amanda Adkins, Victory Giuffrida, Danielle Fedewa, Shea Anderson, Shay Napier, Bianca Canady, Rossetta Tillet, Russell Bailey, Willard Cyphers, Kelsy Lageman, Shade Combs, Jaytese Westmorland, and Ja'leeza Canada.
